Sommaire

- Concepts et Objectifs
- Les Architectures robotiques
- L'architecture MAS2CAR
- Specification de l'Organisation de MAS2CAR
- Simulations
- Conclusion et Perspectives

Concepts et objectifs

Multi-Robots cooperation:

- Multi-Objectiv Control
- Multi-Robot Coordination

[Kube & Bonabeau 2000]

Concepts et objectifs

Multi-Robots cooperation:

- Multi-Objectiv Control
- Multi-Robot Coordination

[Kube & Bonabeau 2000]

[Hirata & al. 2002]

Concepts et objectifs

Multi-Robots cooperation:

- Multi-Objectiv Control
- Multi-Robot Coordination

[Kube & Bonabeau 2000]

[Hirata & al. 2002]

Conclusion et Perspectives

This new approach have proven its effectiveness and reliability on simulations.

Our next steps:

- Future works will adress more sophisticated collaborative tasks, behaviors and team-work, such as the treatment of a big abstract mission...
- Validation of the MAS2CAR's Control Layer.
- Implementation of MAS2CAR on real robots.
